"MLJET"

Hausdoerfer Frank, EFIAP, MPSA, GPU VIP2, Germany

Frank Hausdörfer was born in East Germany in 1966. The western part was only 1 km away and was inaccessible until 1989. This "impotence" caused a wanderlust, which became the driving force for many trips. His work is characterized by seeing things that others do not pay attention to. The skilful use of depth of field and the play with light and shadow enable the photo artist to take very special snapshots, some of them "tell stories". The German does not see himself as a hobby or professional photographer, but rather as a photo artist, since he has never learned this profession. After the reunion of Germany, he has worked as a freelance journalist reporting sports and local news. Because of shutting down most of the daily newspapers, he studied social pedagogy. In 2006 he started focusing on model photography in his spare time. The Thuringian is known worldwide for his spectacular landscape photos - especially from South America. Hausdörfer was able to convince jurors from 34 countries with 100 different pictures. He has won ver 700 awards, including more than 250 medals, in the past five years. In the last time he has also been a member of the jury in over 30 circuits. For example, the "Image of the Year" 2018 at PSA or the "ASIA SUPER CIRCUIT" 2019 organized by the APU, where 3 to 4 thousand images are submitted each month. In addition to the MPSA and EFIAP, Hausdörfer was able to achieve the Distinction GPU CR4, C *** MOL, and R-ISF 10, which very few photographers in the world achieved.

Jakovljevic Branko, MF FSS, Serbia

Was born in Čačak in 1963. He graduated at Faculty of Medicine, University of Belgrade. He has been involved in exhibition photography since 1979. He took part at over 150 collective exhibitions in the country and abroad so far and won over 40 awards. He organized four individual exhibitions: in Belgrade, Lazaravac and twice in Čačak. He was awarded with the title "Master of Photography" by the Photo Association of Serbia in 2011.
