Jovanovski Vladimir, EPSA, GPU CR3, North Macedonia

Vladimir Jovanovski, EPSA, GPU HERMES, RISF5, was born in 1983. He is a distinguished photographer from Macedonia and the most successful representative of Macedonian photography, having taken part in numerous international exhibitions around the world. He has exhibited his works in 35 countries and as a result, has received over 100 awards and certificates. He was proclaimed by The Photographic Society of Macao as one of the 100 most influential photographers in the world. In 2018, he has received the award for best world photographer from the Photographic Arts Federation of Turkey. His biggest successes, according to him, are the projects 'The other one hundred' and 'On Macedonian photography'. He was a member and president of the Photo cinema club 'Kozjak' from Kumanovo. Currently he is an active member of Photo club 'Kumanovo'. He is also the director of Malinski Photo Festival, an honorary member of Image Sans Frontier, Image Colleague Society and the Photo Club 'Kragujevac'. He is also a representative of PSA, GPU and ISF for the Republic of Macedonia and the current president of IAAP. When it comes to his photographs, he is not a mere recorder of things. He has a sense of the space around him, feeling the light, the ambient and life. He is constantly in search of all these things, confronting inner feelings, transferring them into his photographs. In the last couple of years, his approach has been more thematic.

Vizzoni Marzio
Italy

He lives in Lido di Camaiore, Versilia Riviera, where he was born in 1952.
In the 70s with two friends he began to self-taught photography and experiment with the darkroom.
After a very long break, in the early 2000s he began taking photographs again, combining his passion for travel with the hobby of photography.
He held the position of secretary of the C.F. for two years. Very high BFI.
Also in the early 2000s, with good results, he began to participate in national and international photography competitions.
In 2023 he received the "EFIAP" honor.
He does not despise any field of photography, but through his travels he creates images that put him in contact with nature and above all with people.
