Cufar Aleksander, EFIAP/d3, MPSA, Slovenia

I was born on 3 May 1962 in Kranj. After finishing elementary school, I enrolled in the programme for laboratory technicians at the Secondary School of Nursing in Ljubljana. I then continued my education at the Higher Professional Education Study Programme, Radiologic Technology. In 1990 I began actively participating in photography exhibitions all over the world. So far I have won over 700 awards. I was awarded the Photographic Federation of Slovenia's Master of Photography title in 2009 and the Master PSA title in 2015. FIAP awarded me the Excellence FIAP Diamond 1 title in 2016.

During all these years, my love for photography has not waned. On the contrary, it is only now that I realize how many wonders I have yet to catch with my camera. Recently, my favourite themes have been the forest, swans, landscape, black-and-white photography, and experimental photography. I am searching for themes that are rich in colour, wonderfully illuminated, and represent something exceptional in nature. When I find that special theme, I isolate it and then wait for the hour of the day or the season of the year which allows me to show what I see in my own unique way. In the digital darkroom I often combine photographs or change them into something different, better. When it comes to photography, the possibilities are endless. I can keep coming back to the same theme, finding it to be different every single time. This diversity, continuous changing of the lighting, gives me immense pleasure and the opportunity to search for something yet unseen.

FIAP BLUE BADGE

Van Balken Marcel, MFIAP, EFIAP/d3, MPSA
Netherlands

Marcel van Balken is known for his conceptual photography, meaning he creates images that convey an idea or message rather than simply representing reality.

His photography goes beyond simply capturing moments; it is a form of art in which he creates his own images and photographs each subject himself with attention to detail.

He focuses on specific themes, including architecture, surrealism, street photography and fine art.

Over the past years he won more than 1.500 international photography awards from different competitions and photosalons all over the world, including PX3 Prix de la Photographie Paris, Siena International Photo Award, International Color Awards, European Photography Awards, Vienna Photo Award, IPA International Photo Awards.

Van Balken held over 100 exhibitions worldwide, including five exhibitions in the official FIAP Exhibition Centers: Fotograd Negova, Slovenia (2021), Teatro Auditorio del Revellin, Ceuta, Spain (2023), Exhibition Center Jinan, China (2024), FIAP Exhibition Center of Reus, Spain (2024), FIAP Exhibition Center Fotografias Del Mundo, Langreo, Spain (2024)

He has earned the titles of MFIAP and EFIAP/d3, accredited by the International Federation of Photographic Art (FIAP), and received the award of Master of Photography (MPSA) from the Photographic Society of America (PSA).
